

## Catalog of Opportunities

Learning outside of the classroom plays an important role for students when it comes to building lifelong competencies and ensuring success at Pitt and beyond. Powered by [Suitable](#), Pitt's [Catalog of Opportunities](#) offers students the ability to find, track and share co-curricular activities and achievements in [Business](#), [Global](#), [Honors](#), [OCC](#) and more.

You may have the ability to utilize Suitable for student engagement administration purposes (Part I) and all University of Pittsburgh faculty, staff, students, and administrators have access to Suitable and the ability to create activities to be published within the Catalog of Opportunities for students to access or attend (Part II).

Access the Catalog of Opportunities directly through [catalog.pitt.edu](#) or [suitable.co](#) and selecting Login (recommended for Part II: View & Create Activities) or by accessing a student's dashboard in Pathways, Pitt's student success platform (recommended for Part I: Student Engagement Administration).
